

AttendEase

v0.2.0

By Developers Cell, Somaiya

Purpose of **AttendEase**

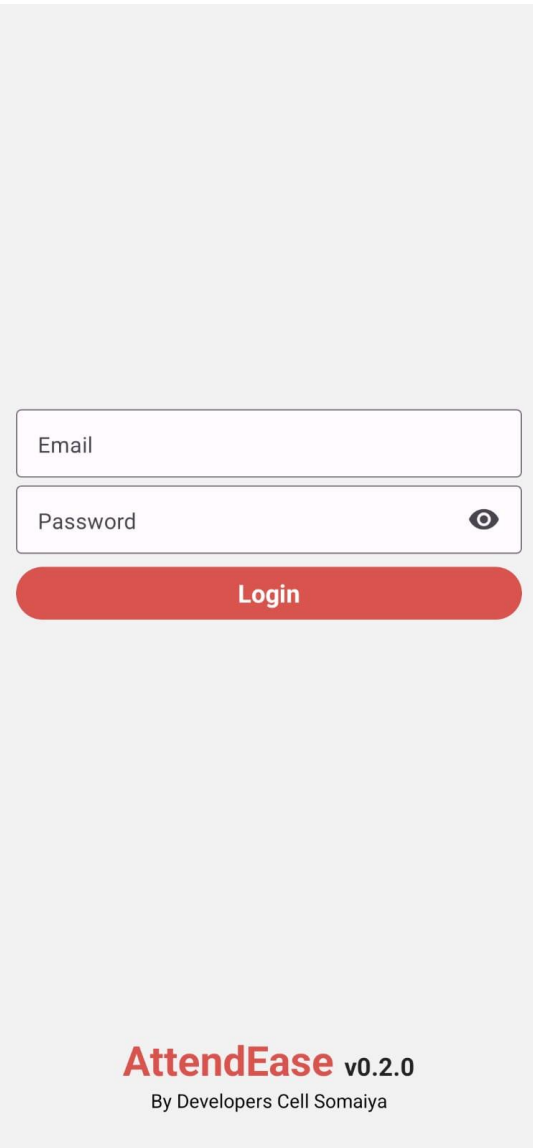

AttendEase is an application designed and developed to overcome the problem and time consumption faced with tracking students' attendance and their attendance percentage.

- This is an attempt to eliminate the issues that arise with taking attendance and tracking defaulters.
- Useful for paperless attendance tracking.
- Generates the defaulter attendance for admin-specified time period.
- Attendance will be marked by the student for the attendance portal opened by the teacher for the corresponding subject.
- Users can access the records anytime anywhere.
