

AttendEase

v0.2.0

By Developers Cell, Somaiya

Purpose of **AttendEase**

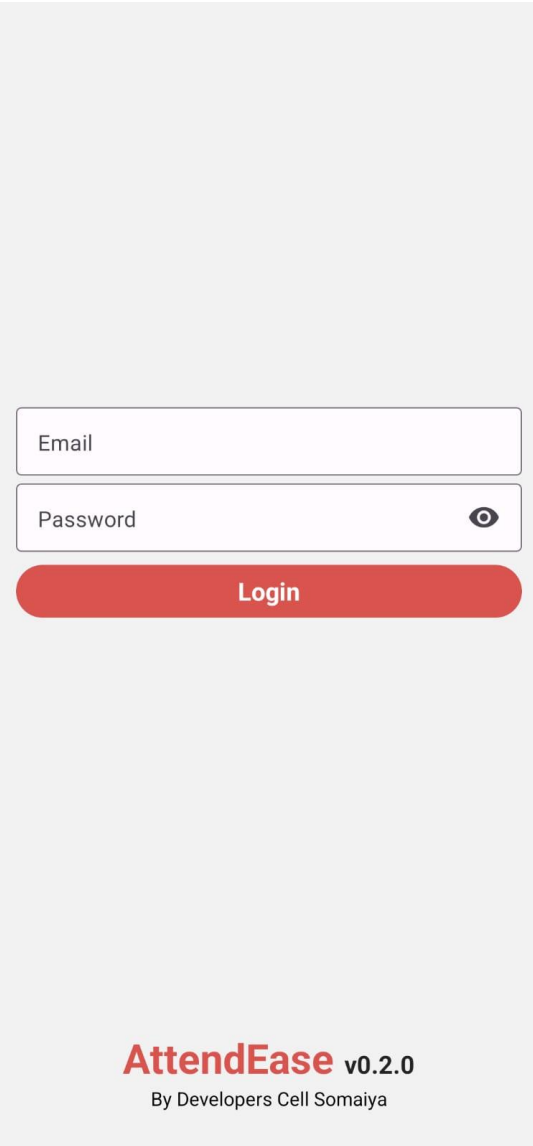

AttendEase is an application designed and developed to overcome the problem and time consumption faced with tracking students' attendance and their attendance percentage.

- This is an attempt to eliminate the issues that arise with taking attendance and tracking defaulters.
- Useful for paperless attendance tracking.
- Generates the defaulter attendance for admin-specified time period.
- Attendance will be marked by the student for the attendance portal opened by the teacher for the corresponding subject.
- Users can access the records anytime anywhere.

By Developers Cell Somaiya

- The app won't function without Location Permissions enabled on your device.
- In case the app detects you out of the maximum radius of the Portal, i.e., 50 meters, you won't be permitted to mark attendance.
- To fix this, move within the maximum radius of the Portal and use [Refresh Location](#).

- **The Course List Dropdown displays all the courses assigned to you for the current semester.**
- **Choose the Course whose attendance Portal is activated by your faculty.**
- **Click on the ``Get Portal`` button to access the respective Portal.**

GET PORTAL

- The `**Mark Attendance**` button is displayed only if the respective Portal is created by a faculty.
- You won't be permitted to mark attendance once the Portal closes either automatically or after a set limit.
- In such case, request the respective faculty to mark your attendance.

Case 1: Portal was not created.
